

LearningZen™

**An LMS Built for
Today's Learners**

Getting your training online
has never been easier

Manage all of your organizational training easily while increasing productivity and return on investment.

"LearningZen has proven to be the answer to our training needs and eliminated the roadblocks we experienced with other learning platforms. Ease of use, smart design and an incredible offering of editing tools makes this system a dream from a trainer's perspective. LearningZen will exceed expectations for both system offerings and exceptional customer support.!"

Dianna Worthington
Franchise Consultant, Mr. Rooter Plumbing

"At Fastkart, training is very important to our business due to our responsibility to provide a safe environment both to our customers and our employees. This training can be costly. LearningZen provided a way to cut cost."

Joe Miller
Owner

"It's on-demand training for anyone, anywhere."

LearningZen is different. No need for hardware and software or an IT support staff... and you can easily add Word, PowerPoint, video, audio, pictures, animation, emb codes and downloadable files to any course.
